

Florida Master Gardener Volunteer Awards of Excellence Instructions

Each county is allowed one entry per category. Although your Master Gardener Volunteer Coordinator may have been heavily involved in this effort, only the efforts of the Master Gardener Volunteers themselves are to be evaluated. Points will be deducted if it is perceived that most of the effort or submission of entry forms came from the Master Gardener Volunteer Coordinator.

Only efforts made **between August 1, 2020 and August 1, 2022** will be considered by the judges. Only new or re-certified active Florida Master Gardener Volunteers are eligible. In the event your entry does not take top honors in this category this year, we would encourage you to improve your submission and resubmit your entry again should you *repeat* or *continue* this project. If your project has won in **any** year, it **cannot be re-entered** again, despite any significant changes in format or participants.

Judges for the awards shall be appointed by the State Master Gardener Volunteer Coordinator, University of Florida. Decisions by the judges will be final.
