Today on Gardening in a Minute: garden gadgets for guys.

Father’s Day is a great time to tell dads how much you appreciate them. And what better way than with a garden gadget or two.

Get the dad in your life a really nice pair of pruning shears. A quality pair will have replaceable blades and can last a lifetime. A hand-cart, a new mower, or a lawn edger will make yard work easier.

Think about giving your weather-watching dad a rain gauge or thermometer. They’re made in a wide range of styles and can come with high-tech automatic features.

Help your dad light up the night by giving him a landscape lighting system. And the gift of weatherproof speakers will allow him to listen to the game while enjoying the great outdoors.

For more information about garden gadgets and many other gardening topics, contact your county extension office or visit Gardening in a Minute dot com.

Gardening in a Minute is a production of the University of Florida’s Center for Landscape Conservation and Ecology, IFAS Extension, and WUFT-FM.
